clause that will be in any resulting purchase order.

[62 FR 64917, Dec. 9, 1997, as amended at 64 FR 10540, Mar. 4, 1999]

13.302-2 Unpriced purchase orders.

(a) An unpriced purchase order is an order for supplies or services, the price of which is not established at the time of issuance of the order.

(b) An unpriced purchase order may be used only when—

(1) It is impractical to obtain pricing in advance of issuance of the purchase order; and

(2) The purchase is for—

(i) Repairs to equipment requiring disassembly to determine the nature and extent of repairs;

(ii) Material available from only one source and for which cost cannot readily be established; or

(iii) Supplies or services for which prices are known to be competitive, but exact prices are not known (e.g., miscellaneous repair parts, maintenance agreements).

(c) Unpriced purchase orders may be issued on paper or electronically. A realistic monetary limitation, either for each line item or for the total order, shall be placed on each unpriced purchase order. The monetary limitation shall be an obligation subject to adjustment when the firm price is established. The contracting office shall follow up on each order to ensure timely pricing. The contracting officer or the contracting officer's designated representative shall review the invoice price and, if reasonable (see 13.106-3(a)), process the invoice for payment.

13.302-3 Obtaining contractor acceptance and modifying purchase orders.

(a) When it is desired to consummate a binding contract between the parties before the contractor undertakes performance, the contracting officer shall require written (see 2.101) acceptance of the purchase order by the contractor.

(b) Each purchase order modification shall identify the order it modifies and shall contain an appropriate modification number.

(c) A contractor's written acceptance of a purchase order modification may be required only if—

(1) Determined by the contracting officer to be necessary to ensure the contractor's compliance with the purchase order as revised; or

(2) Required by agency regulations.

13.302-4 Termination or cancellation of purchase orders.

(a) If a purchase order that has been accepted in writing by the contractor is to be terminated, the contracting officer shall process the termination in accordance with—

(1) 12.403 and 52.212-4(1) or (m) for commercial items; or

(2) Part 49 or 52.213-4 for other than commercial items.

(b) If a purchase order that has not been accepted in writing by the contractor is to be canceled, the contracting officer shall notify the contractor in writing that the purchase order has been canceled, request the contractor's written acceptance of the cancellation, and proceed as follows:

(1) If the contractor accepts the cancellation and does not claim that costs were incurred as a result of beginning performance under the purchase order, no further action is required (*i.e.*, the purchase order shall be considered canceled).

(2) If the contractor does not accept the cancellation or claims that costs were incurred as a result of beginning performance under the purchase order, the contracting officer shall process the action as a termination prescribed in paragraph (a) of this subsection.

13.302-5 Clauses.

(a) Each purchase order (and each purchase order modification (see 13.302-3)) shall incorporate all clauses prescribed for the particular acquisition.

(b) The contracting officer shall insert the clause at 52.213-2, Invoices, in purchase orders that authorize advance payments (see 31 U.S.C. 3324(d)(2)) for subscriptions or other charges for newspapers, magazines, periodicals, or other publications (*i.e.*, any publication printed, microfilmed, photocopied, or magnetically or otherwise recorded for auditory or visual usage).

13.303

(c) The contracting officer shall insert the clause at 52.213-3, Notice to Supplier, in unpriced purchase orders.

(d)(1) The contracting officer may use the clause at 52.213-4, Terms and Conditions—Simplified Acquisitions (Other Than Commercial Items), in simplified acquisitions exceeding the micro-purchase threshold that are for other than commercial items (see 12.301).

(2) The clause—

(i) Is a compilation of the most commonly used clauses that apply to simplified acquisitions; and

(ii) May be modified to fit the individual acquisition to add other needed clauses, or those clauses may be added separately. Modifications (*i.e.*, additions, deletions, or substitutions) must not create a void or internal contradiction in the clause. For example, do not add an inspection and acceptance or termination for convenience requirement unless the existing requirement is deleted. Also, do not delete a paragraph without providing for an appropriate substitute.

(3)(i) When an acquisition for supplies for use within the United States cannot be set aside for small business concerns and trade agreements apply (see Subpart 25.4), substitute the clause at FAR 52.225-3, Buy American Act—Free Trade Agreements—Israeli Trade Act, used with Alternate I or Alternate II, if appropriate, instead of the clause at FAR 52.225-1, Buy American Act—Supplies.

(ii) When acquiring supplies for use outside the United States, delete clause 52.225-1 from the clause list at 52.213-4(b).

13.303 Blanket purchase agreements (BPAs).

13.303-1 General.

(a) A blanket purchase agreement (BPA) is a simplified method of filling anticipated repetitive needs for supplies or services by establishing “charge accounts” with qualified sources of supply (see subpart 16.7 for additional coverage of agreements).

48 CFR Ch. 1 (10-1-10 Edition)

(b) BPAs should be established for use by an organization responsible for providing supplies for its own operations or for other offices, installations, projects, or functions. Such organizations, for example, may be organized supply points, separate independent or detached field parties, or one-person posts or activities.

(c) The use of BPAs does not exempt an agency from the responsibility for keeping obligations and expenditures within available funds.

13.303-2 Establishment of BPAs.

(a) The following are circumstances under which contracting officers may establish BPAs:

(1) There is a wide variety of items in a broad class of supplies or services that are generally purchased, but the exact items, quantities, and delivery requirements are not known in advance and may vary considerably.

(2) There is a need to provide commercial sources of supply for one or more offices or projects in a given area that do not have or need authority to purchase otherwise.

(3) The use of this procedure would avoid the writing of numerous purchase orders.

(4) There is no existing requirements contract for the same supply or service that the contracting activity is required to use.

(b) After determining a BPA would be advantageous, contracting officers shall—

(1) Establish the parameters to limit purchases to individual items or commodity groups or classes, or permit the supplier to furnish unlimited supplies or services; and

(2) Consider suppliers whose past performance has shown them to be dependable, who offer quality supplies or services at consistently lower prices, and who have provided numerous purchases at or below the simplified acquisition threshold.

(c) BPAs may be established with—

(1) More than one supplier for supplies or services of the same type to provide maximum practicable competition;

(2) A single firm from which numerous individual purchases at or below the simplified acquisition threshold
